

PowerSchool Access for Parents and Students

Dear Parents,

When you view your child's information through the parent portal during the designated report card times, you will be leaving a digital signature. In the past you were required to sign and return your son or daughter's report card to school. You will be doing this digitally when you login and view the records. The following guide will walk you through the various steps you need to take to find specific information about your child.

Thank you for your patience as we work to implement our new grading program.

Follow these steps below to access the PowerSchool Public Access:

1. Logon to the Internet
2. Type in the address bar of your Internet Browser:
<https://powerschool.munster.k12.in.us/public>
3. Type your username and password into the appropriate spaces.
Then click the Enter button.
(Use the same username and password that you used to find your child's classroom assignment in August.)
4. If you have lost or forgotten your username and/or password, please contact the FHH Main Office.

The image shows a screenshot of the PowerSchool login interface. At the top, the 'PowerSchool' logo is displayed in blue. Below the logo, there are two input fields: 'Username' and 'Password'. The 'Username' field is a simple text box, while the 'Password' field has a small eye icon to its right, indicating it can be toggled between visible and hidden. Below the password field, there is a link that says 'Forgot your member name or password?'. At the bottom right of the form, there is a blue button labeled 'Enter'. An arrow from step 3 of the instructions points to the 'Enter' button.

STANDARDS TAB

1. This screen displays the standards that have been assessed by the assignment and the score it received. Sometimes only a portion of the standard has been taught and assessed. For example, the kindergarten standard of “counts to 100” is taught and assessed throughout the year. Your child might receive an assignment grade of 1 and a standard grade of 2 because she can count from 0 to 10 (1 for the assignment grade) but not to 100 (2 for the standard). Art, music, and PE give only a standards grade for effort in grades K and 1 and a conduct and effort grade for grades 2 and 3.
2. Clicking on the standard name shows the gradescale.
